QUESTIONS AND ANSWERS

1. **Q.** This Bidder respectfully requests a bid due date extension to Tuesday, December 20th, 2005 due to the 2 new items received in Addendum No. 1 on 12/12/05. This will coordinate with the M.V. Wenatchee Drydocking Contract bid opening on the same date.

A. Please see the revisions to the IFB Schedule and the Bidder Instructions in this IFB Addendum.

2. Q. [IFB Technical Specifications, Item 27, Exterior Door Grating and Drain Pan] IFB Addendum No. 1, Item 27, Paragraph C calls out to grit blast to an SSPC-SP 6. Would an SSPC-SP 3, power tool cleaning, be sufficient on the bulkheads, and areas on the deck not accessible to a deck track-blasting unit?
- A. Please see the revision to the IFB Technical Specifications in this IFB Addendum.
3. Q. [IFB Technical Specifications, Item 28, Rescue Boat Davits Cable Replacement]
Will WSF please provide the Manufacturer's booklet and WSF drawing on equipment, material and instructions?
- A. Yes, WSF will provide these items, but only as "reference information". All cabling and boat "sling" must match the existing as stated in the IFB Specifications. WSF recommends that the Bidder conduct a ship check to verify.
